**Band-in-a-Box 2014, RealBand 2014, 101 New RealTracks and 54 New MIDI SuperTracks for Windows**

**Victoria BC Canada, December 18, 2013 – PG Music Inc.** has released version **2014** of its popular, award-winning **Band-in-a-Box**® intelligent music accompaniment software for Windows® with over 50 great new features and enhancements, 101 more amazing RealTracks, 54 new MIDI SuperTracks, 36 additional Artist Performances and more.

In announcing the release of Band-in-a-Box 2014, program author and creator Peter Gannon said, "We're very excited to offer one of our biggest upgrades! We've been hard at work, and we're very proud of all the great new features this version brings – including the fresh new look, a highly-requested UserTracks feature and new Hi-Q MIDI sounds."

Band-in-a-Box 2014 is a huge upgrade that includes over 50 great new features and enhancements, 101 more amazing RealTracks, 54 MIDI SuperTracks and 36 Artist Performances. The GUI has been redesigned with a great new look and many time-saving enhancements! The Toolbars and Song Title Area have been redone, and the chord sheet now has a "Real" looking handwritten font for chords. A UserTracks feature has been added – now you can make your own RealTracks to add to your song. Plus there's a handy Instant Preview of styles, RealTracks, and RealDrums so that you can quickly audition them to choose the best ones for your song. Loops now support Acidized Loops. A Legato Strings feature that automatically optimizes MIDI string parts to prevent retriggering the same notes, a new Master Volume allows you to boost volumes of all songs with one setting, 8 new Hi-Q MIDI sounds, and more...

Band-in-a-Box 2014 for Windows includes RealBand 2014 – a full-featured DAW and Band-in-a-Box accompaniment generator – there are more than 30 new features in RealBand 2014, starting with a great new look!

The award-winning Band-in-a-Box is an intelligent automatic accompaniment program for Windows or Mac. Just type in the chords for any song using standard chord symbols (like C, Fm7, or C13b9), choose the style you'd like, and Band-in-a-Box does the rest, automatically generating a complete professional-quality arrangement of piano, bass, drums, guitar, and strings or horns in a wide variety of popular styles plus optional live audio tracks with RealDrums and RealTracks - audio instruments that replace the MIDI track with actual recordings of top studio musicians.

PG Music Inc. is a leading innovator of computer music software that is easy to use, powerful, and fun. Band-in-a-Box is one of more than 30 MIDI music and multimedia titles offered. PG Music Inc. is online at [www.pgmusic.com](http://www.pgmusic.com).
